Belltown vanity in Satin White

Belltown vanity in Natural Cherry

## Belltown Addition Offers Furniture-like Styling With "Easy Access"

With all the hallmarks of a bureau, Strasser's new bath vanity boasts bountiful storage space plus improved access to plumbing when needed

(Woodinville, WA, December 28, 2017) Strasser Woodenworks introduces the new Belltown bath vanities. Designed to look like an exquisite chest of drawers, the vanities are an expansion of the original Belltown series. Now available in larger sizes with double the drawer space, the popular Belltown series is twice as appealing. Not only do the vanity's six storage drawers put every bathroom necessity within easy reach, but a built-in access door also makes plumbing easily accessible when maintenance is necessary.

"These larger Belltown bath vanities have all the makings of a beautiful dresser," says Judy Hedreen, development manager and co-owner of Strasser Woodenworks. "With abundant storage and an authentic furniture look, the Belltown Collection is as hardworking on the inside as it is refined on the outside."

## About Strasser Woodenworks

### Strasser Woodenworks

manufactures high-quality, elegant, freestanding and floating wood bathroom furniture across a range of styles, sizes, configurations, species, and finishes, with more than 10,000 possible product combinations. Each vanity, cabinet, and accessory is crafted in the USA, built to order using cherry, maple, red oak and alder hardwoods sourced in the US and Canada. Strasser Woodenworks prides itself on detailed craftsmanship, including solid-wood dovetail construction, hand sanding, whisper-close doors and drawers, and solid-wood legs. Strasser Woodenworks was founded in 1982 and is headquartered in Woodinville, Washington. For more information about Strasser Woodenworks, call toll free 1-800-445-0494 or visit [www.strasserwood.com](http://www.strasserwood.com)

While storage drawers make it easier to store small toiletries and other bath necessities that might get lost in a deep cabinet, they can get in the way of plumbing, making maintenance a real challenge. To this end, Strasser Woodenworks incorporated a special access panel into the design, making it far simpler to get to pipes and plumbing for maintenance. Concealed by drawer fronts when drawers are closed, the center panel offers easy-open access when needed and keeps pipes otherwise hidden from view.

Created with versatility and flexibility in mind, these Belltown vanities come in four door styles (Slab, Shaker, Deco Miter, and Ogee Miter) and are available in 15 state-of-the-art furniture finishes. A myriad of handle and hardware possibilities complete the desired look, allowing furniture styled Belltown to fit in any style, from traditional to contemporary.

For those looking to furnish a large spa-like bath, the Belltown vanities are available without plumbing fixtures as a coordinating bureau. These, plus a Belltown linen closet, are ideal for homeowners who desire matching components in their master suite or walk-in closet. They're also a perfect choice for coordinating style elements throughout luxurious hotel rooms and suites.

Joining the original 24-, 30-, and 36-inch wide Belltown designs, the addition to the Belltown Collection comes in 42- and 48-inch widths. All Belltown vanities are 34½ inches tall and offer 21- and 18-inch depths. All elements are made in the USA and feature:

- All wood construction
- Full extension undermount glides
- Soft close European hinges
- Floor levelers
- Solid wood drawer box with dovetail joinery
- Lifetime limited warranty
