STRASSER's Amiri Wall-Mount Bath Vanity Creates Spa-Like Spaciousness in the Bath

Amiri's sleek and modern "floating" design includes two deep drawers
for abundant yet streamlined storage

(Woodinville, WA, March 23, 2021) STRASSER, the manufacturer of high-quality, luxury vanities, debuts the sleek and streamlined Amiri Wall-Mount Bath Vanity. Part of the company's **Celebria Collection**, it's ideal for today's modern spaces, from powder room to expansive master suite. Amiri floats above the floor, helping to create the illusion of more space in the bath. Adding to the sense of contemporary luxury, Amiri includes deep storage drawers, one of today's most in-demand features in the bath. In fact, Amiri's clean, streamlined design offers

two deep storage drawers ideal for organizing all of one's bath necessities. Paired with popular finishes including matte, gloss, and textured options that echo the look of reclaimed wood, Amiri helps to create an ideal spa-like escape for the modern bath.

"Capitalizing on the trend of 'drawer only' floating vanities, STRASSER goes the extra step by making the top drawer fully functional rather than just decorative. The large drawers provide an abundance of extra storage—a feature users of any size bathroom can appreciate," said Peter Ollestad, Vice President of Sales for STRASSER.

Available in three sizes (24", 30", and 36"), Amiri is made in the USA with the utmost attention to quality. Like all STRASSER bath vanities, Amiri features dovetail wood drawers and full-extension Soft-close European drawer mounts.

State-of-the art furniture finishes complement Amiri's contemporary feel. Designers and homeowners can choose between Matte or Gloss White and Black finishes, or even one of three richly textured finishes that evoke the feel of aged driftwood or reclaimed wood: Pasadena Pine, Palisandro Blue, and Stratos Pinea.

Amiri bath vanities start at \$1,660 for the 24" model in several finishes.
